

PARTS AND ACCESSORIES

Why not trust your parts to the people who built your truck?

The peace of mind you get from genuine Vac-Con replacement parts and accessories comes from 25 years of experience building quality trucks. No one knows your truck like we do. Our parts are engineered to your original equipment specifications and we will stand behind every part we make.

Who We Are

Vac-Con is a leading manufacturer of environmental products located on 16 acres in northeast Florida and has 100,000 square feet of manufacturing floor space. 250 employees work hard to bring you the best sewer cleaning, industrial vacuum and hydroexcavator products in the industry. We have been here since 1986 and will continue to bring you unsurpassed products and services.

When Ordering Parts

Replacement parts should be ordered through your local authorized Vac-Con dealer. Genuine parts and service are available at their facility to provide the fastest possible delivery. A complete inventory of standard parts are on hand at our factory headquarters in Green Cove Springs, Florida, USA. This includes replacement parts, pumps, and power units. Normally, Vac-Con does not stock spare parts for nonstandard options and accessories you may have originally ordered. An order placed for standard parts at our headquarters office will normally be shipped within 24 hours after receipt of order. Orders should be placed prior to 5:00 PM E.S.T. Monday through Friday.

Vac-Con Serial Number Designation

When ordering parts, always specify your unit serial number and Vac-Con Model Number. Your 7 or 8 digit serial number is located on a metal plate mounted to the Vac-Con module.

Limited Replacement Part Warranty

Seller warrants for 30 days from the date of sale that the equipment sold, as described hereon, shall be free from defects in material and workmanship. Seller's liability under this warranty is limited to repair or replacement of any part or parts of said equipment which shall be returned to seller, shipping charges prepaid and which seller's examination discloses to its sole satisfaction to be defective. This is seller's only warranty. By accepting the equipment under this warranty, buyer acknowledges that said equipment is being sold under no other written or oral warranties, neither expressed or implied.

Freight Policy

Unless otherwise requested by the buyer, material will be shipped via carriers of our choice with shipping, handling and packaging charges prepaid and added to the invoice. Note: We only insure if specifically requested by the buyer, with insurance charges prepaid and added to the invoice.

Damaged Shipment

Merchandise shipped is carefully packed in compliance with carrier requirements. Title and risk of loss pass to the customer upon tender of shipment to the carrier. If product is damaged in transit, consignee must file claim with the carrier.

Returned Material Policy

We will normally accept returned material under the following conditions:

- A copy of the order number is furnished.
- The material is returned within 30 days from date of invoice.
- The material is in new resalable condition (unused, unpainted, etc.).
- The material is normal stock for us (not special order).
- Please call for a Return Authorization Number (RMA) prior to returning any material.
- Returned material must be accompanied with the RMA Number.

▲ 1/2" High Pressure Handgun Hose Assembly

Part Number	Description
711-43301A025	25 ft long
711-43301A035	35 ft long
711-43301A050	50 ft long
711-43301A100	100 ft long
711-43301A200	200 ft long

◀ Handgun Female Quick Disconnect 1/2" NPT Thread 663-0003

▲ Handgun Hose Reel Ball Stop 681-0118

◀ Handgun Male Quick Disconnect 1/2" NPT Thread 663-0004

◀ High Pressure Handgun Female Quick Disconnect 1/2" NPT Thread 621-0706

◀ High Pressure Handgun Male Quick Disconnect 1/2" NPT Thread 621-0705

▲ Lower Water Tank
665-0043

▲ Upper Rear Water Tank
665-0244

▲ Hot Shot Water Tank Lid
and Mounting Flange
665-0075
Lid Center
665-0088

▲ Lower Water Tank Lid
665-0017
Mounting Flange
665-0018

▲ Upper Rear Water Tank
Lid
665-0026
Mounting Flange
665-0027

▲ Water System

610-0098

◀ Water Tank Level
Gauge Assembly
711-0662

▲ Water System
1" Vent Tubing
664-0060

▲ 1" NPT Rotary Union
663-0001

▲ 1-1/4" NPT Rotary Union
663-0002

▲ Rotary Union Repair Kit

Part Number	Description
663-0104	1" Seal Kit
663-0108	1-1/4" Seal Kit

▲ Rotary Union Packing
(for 663-0001 and 663-0002)
663-0111

▲ 3/4" NPT Rotary Union
663-0809

▲ 3 Way Manifold
810-21149

▲ 3 Way Manifold
810-29849

▲ Winter Water Recirculation Option with Ball Valve

Part Number	Description
711-19601	3/4" Water System - Contact Vac-Con for complete part number
711-19602	1.00" Water System - Contact Vac-Con for complete part number
711-19603	1.25" Water System - Contact Vac-Con for complete part number

▲ Brass Flushing Nozzle

Part Number	Description
681-0175	3/4" NPT Thread
681-0045	1.00" NPT Thread

▲ 8" Water Ring 711-0214

▲ Nozzle Storage Rack

Part Number	Description
800-0866	3/4" Nozzle
800-0152	1.00" Nozzle
800-3039	1-1/4" Nozzle

▲ Water System "Y" Type Strainer

Part Number	Description
665-0010	1.00" NPT
665-0042	1.50" NPT
665-0077	2.00" NPT
665-0011	2.50" NPT
665-0049	3.00" NPT

Water System
